

PRODUCT SHEET:

RAMPTECH® NEW AND IMPROVED CARBURETOR FOR THE FORD 300 (4.9L) ENGINE

Advanced engineering, full throttle quality.

The RAMPTECH® Ford 300 (4.9L) Carburetor advances the art and science of product development and manufacturing to create a vastly improved version of the old Motorcraft model. Engineering enhancements include throttle shaft bushings for longer life, as well as improved float design, needle and seat, and accelerator pump diaphragm.

To ensure unparalleled performance and reliability, each RAMPTECH® carburetor undergoes

extensive and highly stringent quality control procedures and checks...including running every unit on a Ford 300 engine, followed by comprehensive adjustments prior to shipment. RAMPTECH® carburetors for the Ford 300 engine are new without a core charge.

Sage
Part Number 732002

FEATURES
